UNHC MISSION STATEMENT

UNHC supports comprehensive health care as a right for all in the United States. Quality, affordable, universal, continuous and sustainable health care for all is the fundamental solution to the health care crisis in our country. Additionally, universal health care will improve our economy, and so benefit the lives of working people and businesses.

We work to mobilize and activate residents of the 2nd Congressional District through education, outreach, and political action to support legislation that addresses the crisis in health care.

I endorse the mission statement of UNHC:

Name _____

Address _____

City _____ St. _____ Zip _____

Phone (____) _____ Cell (____) _____

Email _____
